SIAM COUNTRY CLUB GOLF COURSE

This is indisputably one of the finest and most difficult courses in Thailand situated At just over 7,000 yards with a par os 72 its up and down layout, blown by the Gulf of Siam's winds poses a real test of golf.

Its holes slope past a series of lakes, creeks and strategically situated mature trees which can block out an ill-placed shot on seemingly generous fairways. Various fruit trees on the course glve one the impression of being in an orchard, especially when in season. The grainy greens with subtle breaks require the assistance of the lively experienced caddies to guarantee a memorable round of golf. Look out too for the abundant wildlife' in the form of sculptured bushes and hedgerows, a feature unique to Siam Country Club.

NOBLE PLACE GOLF RESORT AND COUNTRY CLUB

Noble Place is a full sized 27 hole (later to be 27) British style course with many unique features. Designed by Peter W. Thompson under the close supervision of leading golf architect Michael S. Wolveridge, it offers a demanding but enjoyable challenge to your golfing skills. The landscaped beauty and lush turf are dotted with characteristic pot bunkers and areas of 'native' lemon grass which require particular skills to escape from first time. A round of golf at Noble Place will be full of fun and surprises and a real challenge.

KHAO KHEOW COUNTRY CLUB

Khao Kheow offers 27 holes of golf laid out by Dye Designs Inc. Designed to championship specification this is nothing short of a serious challenge. Accurate shotmaking is essential to avoid severe bunkering and hazards. Many new palm trees create a desert effect together with a prevailing wind. Water is a strong feature too, with the 17th par 3 presenting the characteristic 'Dye' signature island hole. A splendid world class course.

SRIRACHA INTERNATIONAL GOLF CLUB

This course offers 18 holes of Par 72 championship golf designed by Gary Player amid lush rolling hills and spectacular seascape. The terrain has a natural splendour with an abundance of tall broadleaf trees and tropical vegetation fringing the fairways and greens. The golf is challenging but once clear of the 18th green a luxurious clubhouse awaits with modern locker room facilities including jacuzzi and sauna. For further recreation a complete sports complex is available including an olympic size swimming pool.

PHOENIX GOLF AND COUNTRY CLUB

Designed by Dennis Griffiths and Associates, set in wooded, rolling terrain this 27 hole course (Mountain, Lake and Ocean) has magnificent views of mountains and the blue waters of the Gulf. Extensive use of water demands cautious play on the fairways but the greens are spacious. A profusion of huge mango, eucalyptus trees and flowering shrubs add colour and give a natural feel to the layout. The massive clubhouse dominates the landscape and features a cavernous marble atrium with internal pools and waterfalls. Locker room facilities are luxurious.
